DID YOU KNOW?

LOBSTER FEST

Saba Lobster Fest is a culinary event held on the island of Saba since 2016, where you can experience our **famous Saba Bank spiny lobsters.**

RUM FEST

Saba Rock Living is the creator of Unspoiled Queen Liqueurs, a range of Saba Spice-based rums that pay homage to **the island's rum spice tradition.**

THE ULTIMATE COLLABORATION

Since 2023, Lobster Fest and Saba Rock Living teamed up to create a **festival** during which visitors and locals can experience the unique flavors of Saba.

A must-visit for foodies!

ABOUT SABA
THE UNSPOILED QUEEN

Saba, the stunning Dutch Caribbean island known as "The Unspoiled Queen," is a hidden gem full of unexpected experiences, making it the ideal spot for an unforgettable adventure.

Saba is celebrated for its **top-tier diving**, showcasing a marine world as diverse as its terrestrial beauty.

Quaint villages like *The Bottom* and *Windwardside* exude warmth and provide a window into Saba's **unique culture.**

Saba has a network of **hiking trails**, **historical gems**, and a pervasive sense of **tranquility**.

SABA IS A GREAT DESTINATION FOR THOSE SEEKING AN AUTHENTIC, OFF-THE-BEATEN-PATH CARIBBEAN ADVENTURE!

LOBSTER LEGACY OF SABA

SABA: THE LOBSTER HUB

The fishermen of Saba are at the heart of the island's lobster tradition, carrying forward a way of life deeply tied to the sea. Most operate small boats and rely on skill, experience, and knowledge of the waters around the Saba Bank to set and check their traps. Fishing is often a family trade, passed down through generations, and despite the small scale—only a handful of active fishermen—their work sustains an important industry for the island and its neighbors. Their dedication not only provides livelihoods but also helps preserve Saba's reputation as a trusted source of high-quality lobster.

These fishermen on the island land several tons of seafood annually, with spiny lobster as the main catch. The harvesting takes place mainly on the Saba Bank, one of the largest submerged atolls in the Atlantic, using traps. The lobster fishery tends to be seasonal, bigger in certain months, and has been increasing in recent years both in number of traps and in total catch.

SABA IN EVERY SIP

UNSPOILED QUEEN OF RUM

Saba's rum tells the island's story in every sip — bold, pure, and deeply rooted in tradition. Crafted in small batches with island-grown fruits, herbs, and spices, these artisanal rums capture the strength and resilience of the "Unspoiled Queen." From the vibrant flavors of Unspoiled Queen Liqueurs to the bold character of Rumforest 870, each bottle reflects Saba's natural beauty and rich culture. More than just a drink, Saba's rum is an invitation to slow down, savor the moment, and experience the true soul of the island.
